

CSWC Operational Period Summary

0600 July 04 2014 to 1800 July 04 2014

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Butts Incident, Vegetation Fire, Napa County (Update)

Fire Information:

- Per ICS 209 dated 07/04/14 at 1408 hours
- 4300 acres brush, 65% contained
- Residential Structures Threatened: 180 Destroyed: 2
- Other Minor Structures Destroyed: 7
- Fire Management Assistance Grant (FMAG) was approved. FEMA-5057-FM-CA

Local Government Equipment Committed

- Six Local Government Strike Teams-(updated per Cal OES Fire Duty Officer)
- One Water Tender
- Two Engines

Total Personnel Committed: 1755

Cal OES Deployments

- Cal OES Assistant Fire Chief Salvate is assigned.
- Public Safety Communications has three technicians assigned to the incident.

Road Closures

- Butts Canyon Road north to Snell Valley Road is now open, and Butts Canyon Road and Guenoc Road two miles west of the Lake County line remain closed.
- Road closures being manned by California Highway Patrol

SITUATION SUMMARY

Banner Incident, Vegetation Fire, San Diego County (Update)

Fire Information:

Per ICS 209 dated 07/04/14 at 1800 hours

- 217 acres brush, 70% contained
- 2 structures and 1 outbuilding destroyed
- No significant growth expected. Continued mop-up and line construction.
- Cal OES Assistant Fire Chief Art Torrez has been assigned to this incident
- Fire Management Assistance Grant (FMAG) submitted to Cal OES. The FMAG does not meet criteria and has been placed on hold.

Local Government Equipment Committed

- 1 Type III Strike Team

OES Equipment Committed

- 1 OES Type III Strike Team

Emergency Management:

Road Closures

- Route is returned to normal traffic from 2 miles east of the Junction of SR 79, at Wynola Rd to 11.8 miles east of the Junction of SR 79, at San Felipe Road.

SITUATION SUMMARY

Northern California:

Modoc July Complex Modoc County

Fire Information:

2 miles south of Dalton Reservoir

Fires in the complex: Dalton, Dobie, Northern, Janes, 16 other fires for 74 acres.

- Acres – 1,650
- Containment- 50%

Coleman, Vegetation Fire, Modoc County

Fire Information:

25 miles east of Fort Bidwell, California

- Acres- 15,000
- Containment- 30%
- Threat to grazing land, Sage Grouse habitat, residential ranches 1-3 miles north and south

Gulch, Vegetation Fire, Modoc County

15 Miles North of Canby along Hwy 139

- SRA/FRA
- Unified Command with CAL FIRE LMU and Modoc National Forest
- Start Time: 1546 hours
- 5 Fires, 1600 acres, Grass and Brush, 40% contained
- Moderate Rate of spread
- CAL FIRE Air and Ground Resources committed

SITUATION SUMMARY

Southern California:

Ranch, Vegetation Fire, Kern County

Fire Information:

10 miles west Lake Isabella, Kern County

ICS-209 dated 7/4/2014 at 1800 hours

- Acres- 150
- Containment- 0%
- Cooper Type 2 IMT assigned
- Fire is holding in place with the help of daily air support.
- No Local Government commitment

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Camp San Luis Obispo Last Power Outage Reminder- Monday, July 7, 2014

- The outage will start at 0730 and last most of the duty day. Please ensure sensitive electronics are unplugged prior to power being restored. This will impact CSTI from the aspect that their phones and Guest wireless/ Internet will be down. The servers should be up, but they will lose some functionality.

Significant Weather

- Red Flag Warning remains in effect from 7/4/2014 1200 hours to 2200 hours for Modoc, Siskiyou and Lassen Counties.
- [Flash Flood Warning for west central San Bernardino County until 2000 hours this evening.](#)

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA

The low pressure trough that has dominated the North Operations weather this week will gradually weaken and lift northward over the next few days as high pressure pushes in from the Desert Southwest. However, areas east of the Cascade-Sierra crest will have elevated fire potential this afternoon and evening as South-West winds gust to 30-35 mph and Relative Humidity drops to 5-10%. A few cumulus are possible over the northern mountains in the afternoon, but thunderstorms are not expected. The strong high pressure will building over the North Operations area over the weekend and early next week will push afternoon temperatures to 10-15 degrees above normal and drop Relative Humidity to 5-15%, with widespread poor Relative Humidity recovery. Winds will be fairly light during this time, however. Also, subtropical moisture is expected to move into the area from the south and produce a slight chance of mixed dry and moist thunderstorms possibly as early as Monday afternoon. Computer models currently show thunderstorm chances increasing on Tuesday. Confidence remains low on this thunderstorm potential, but may increase as we approach this timeframe.

WEATHER

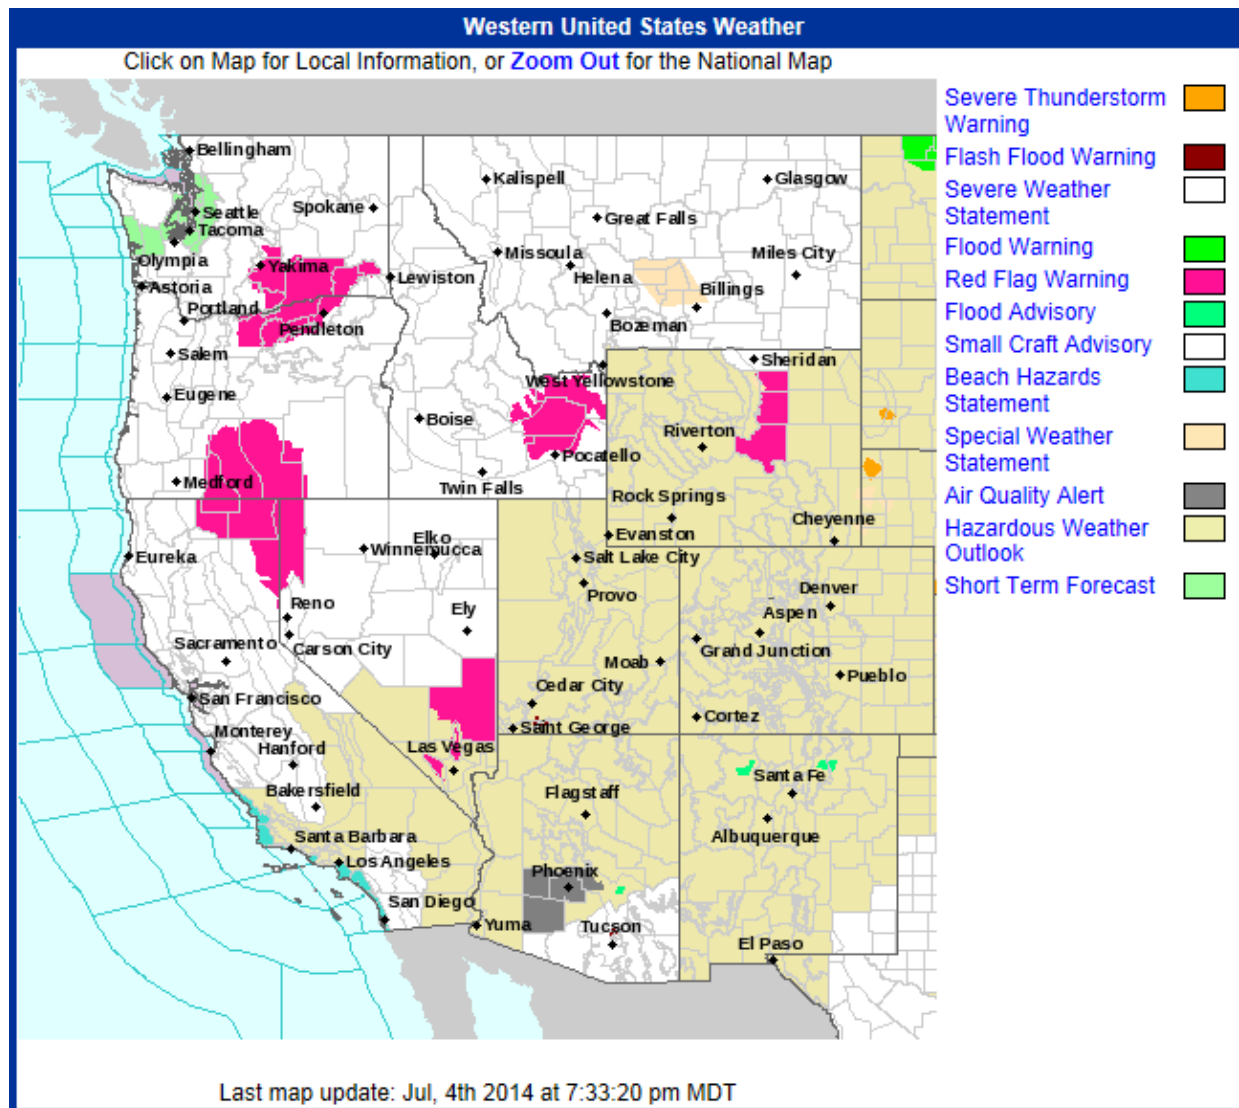

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA

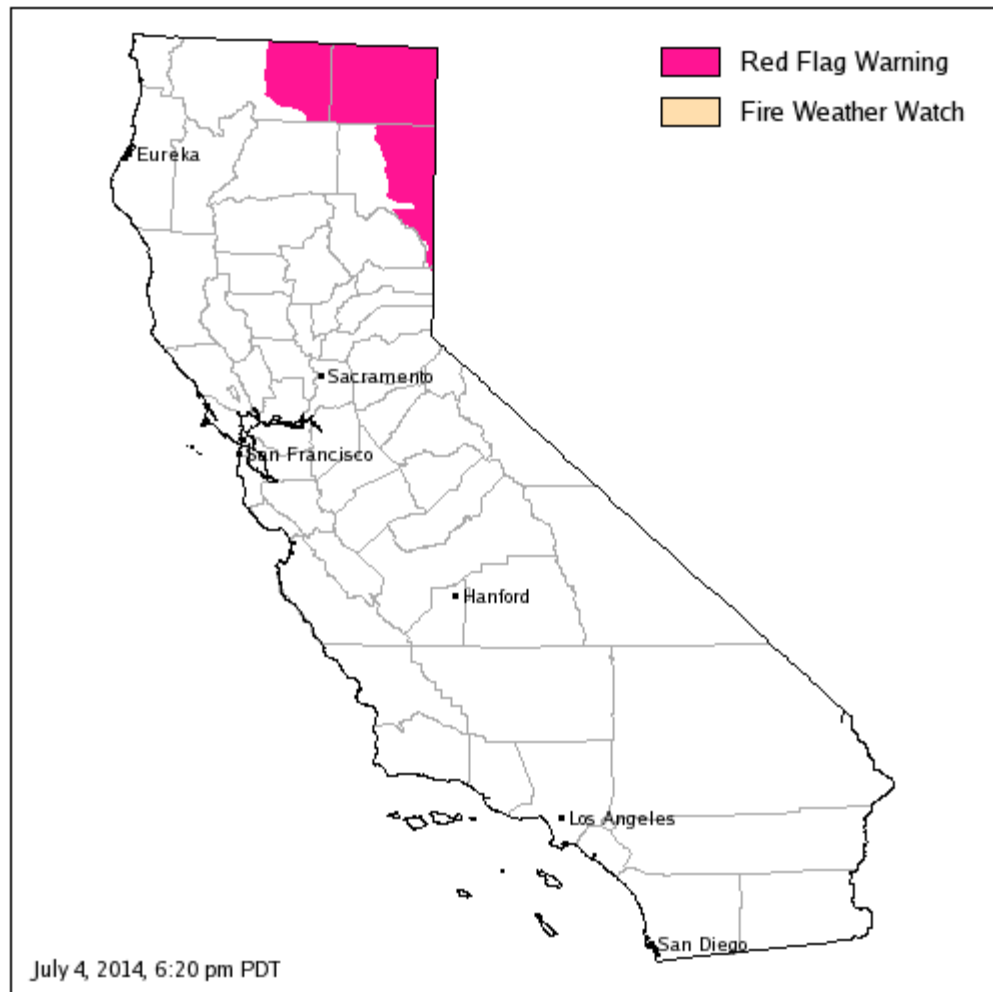

A slug of subtropical moisture will enter the southern part of the state today, which will lead the development of a few thunderstorms toward evening. The storms will be more numerous over the deserts south of highway 62 today, but by evening, a few thunderstorms will be possible across the Cleveland National Forest and the San Jacinto Mountains. The storms may produce gusty winds and only brief rainfall as the lower atmosphere is quite dry. Temperatures will be warm once again with highs in the 70s along the coast to the upper 90s in the valleys to around 115 in the low deserts. Some storms may continue a few hours past sunset over the deserts. Saturday, deeper moisture will arrive which will allow the chance of storms to spread north and west to include portions of the Angeles National Forest and most of the mountains and deserts south and east of I-15. Heavy rain may accompany the stronger storms as atmospheric moisture will be plentiful on Saturday. Meanwhile, over the central coast, the atmosphere will be much drier and minimum Relative Humidity may slip into the single digits over Monterey and San Benito Counties for a 6-7 hour period each afternoon.

Cal Expo Grass Fire, Sacramento, Sacramento County

Cal Expo Fire, Sacramento County

Location: Cal Expo Vicinity of Gate 12

Per Cal OES FDO

Cal OES Assistant Chief Gary Humphries en route to the incident

- No request for resources
- They are turning the final corner on the incident with a firing operation. They expect to succeed.

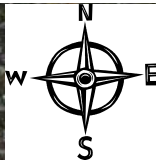

Per Cal OES LDO

Cal Expo PD did evacuate the water park, the grandstand, the simulcast, and the RV Park. Number of persons evacuated are unknown and it is still in effect. There are road closures in the area but they couldn't specify. This is a joint effort with Sac PD, Sac SO, and Cal Expo PD.

Per Cal Expo Press Release

As a precaution, staff and the public near Bonney Field, the Grandstand, and Raging Waters have been evacuated due to smoke. The RV lot to the south of Cal Expo has also been evacuated.

The Cal Expo parking lots have been closed as a precautionary measure. The Independence Day Fireworks Show will continue as planned and the Sacramento Republic FC game scheduled for this evening has been cancelled.

Gate 12

KRCA U Local photographs

Collinsville Fire, Solano County (Final)

Per the Cal OES FDO

- 30 acres mop-up in progress
- Forward rate has been stopped.
- 4 residences destroyed and 3 residences damaged
- Four structures lost and three structures damaged.
- Cal OES A/C John Clary has been canceled.

Per the Cal OES LDO

- Solano SO, evacuations were only of the seven homes involved.
- There is a local road closure but it's a non-thoroughfare road so is of little impact.

Per Cal OES CDO

- Red Cross is addressing any sheltering needs at this time.
- There are currently no requests for assistance or unmet needs.

- Commitment of CAL FIRE Air and Ground Resources

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

****As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.****

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

Situational Summary

The National Weather Service provided the following synopsis for the relationship of Blowing Dust Advisories and the drought conditions in southeast California: Dust storms are common due to increased thunderstorm activity and the winds produced with these storms, during monsoonal flows. The severity of the dust storms could be locally exacerbated by drought conditions. In any event, the public should monitor NWS for any advisories and warnings issued by NWS.

On July 1 2014, administration of the CDPH Drinking Water Program (DWP) transferred to the California State Water Resources Control Board (SWRCB) Division of Drinking Water. CDPH and the SWRCB entered a Memorandum of Understanding outlining a three-month transition period during which drought response activities and any other emergencies will be coordinated jointly between the two organizations.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-3978**, 7/3/2014, 1523 hours, The San Bernardino County Sheriff's Department is requesting mutual aid resources to assist in the search for human remains as part of an active, ongoing homicide investigation in the Twenty Nine Palms area. The request is for a mine team and HRD K-9's to search undisclosed area's on Saturday and Sunday, July 5 & 6. The Law Branch Region I Coordinator contacted the Los Angeles County Sheriff's Department for their Mine Team and Cal OES Law Branch is coordinating the HRD K-9 response.
- **2014-LAW-3981**, Glenn County Sheriffs Office is requesting Human Remains Detection (HDR) regarding a kayaker that located the lower portion of a human leg (shoe still attached) in the Sacramento River. Their detectives have been trying to identify the body part and have also been searching the area for additional parts without any success. The request is for an HRD K-9 to search the area for additional remains and to rule out a burial site. Butte County SO has agreed to assist with the mission on Monday, July 7.
- **2014-LAW-2798**, El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2481**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-2483**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

Closed Cal OES Missions

- **2014-LAW-3961**, On behalf of Fairfield Police Department, Solano County Sheriff is requesting one Human Remains Detection (HRD) K9 to assist in a 30 year cold case homicide. The Cal OES Law Duty Officer is coordinating resources.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
